Superintendent's Report

* * * * *

To the Superintending School Committee and the Citizens of the Clarksville School District:

FOREWORD

The heaviest burdens of war are carried by youth. They fights its battles. In the long years after, they pay much of its cost. Even the younger children of wartime are often children of neglect. We must keep constantly before us the fact that children cannot delay the growing-up process. What they will be, they are now becoming.

What ever may happen to grown-ups, our children must be kept safe, strong and assured. Even during war times when parents are hard pressed with new responsibilities, they should realize that there is no care so good as that given by devoted parents in the home. When parents do a good job by their own children they are doing a vital war job for our Nation. Children depend on so many for their chance to grow in safety, strength and security.

May our post-war horizon be brighter because of a thoughtful well-guided program of education and training for youth, started in the home and continually strengthened by their experiences in the home, the church and the school.

Will you as American parents do your part to see that the foundations of morality, religion and culture are not weakened by a rising tide of juvenile delinquency?

Teachers

The teachers for this year are Pearl Hawes, grades (1-8) and Marjorie Fitts (Music). At Christmas time Doris Chappell was employed as an assistant.

Notes On the Budget

The School Board's total budget for 1944--45 is $5,578.00 as compared with $4,933.00 for last year and $6,237.00 for the year preceding. The estimated income is $100.00 so that the requested appropriation is $5478.00. The appropriation for 1943--44 was $4,933.00.

Buildings and Equipment

The school building is in very good condition. At the present time the biggest need is for some work in the spring. This of course will not be done until weather permits. The spring was undermined during the flood.

Enrollment and Attendance

There are now 20 enrolled. This is exactly the same number we had a year ago. Percentage of attendance last year was 93.01%. There were 32 tardinesses. Closer cooperation between the home and school is urged to eliminate tardinesses and to improve the percentage of attendance. No pupil got through the year without being absent or tardy.

Tuition

There are 8 pupils attending schools outside the District, 5 at Pittsburg High and 3 at Canaan High. It is expected that the number will remain about the same another year as we have 2 in the eighth grade.

Health

A brief report of the work of the school nurse between February 1, 1943 and February 1, 1944 is included below:

School Inspection			137
Home Calls			18
Treatments at School			23
Physical Defects:			
Teeth	8	Corrections	3
Vision	3	Corrections	2
Skin Diseases	3	Corrections	3
Hearing	1		
Anemia	1		

Conclusion

Since Pearl Harbor, many students have been leaving the classroom, sacrificing their education to take part in the war effort. Many parents have been greatly troubled because their boy wanted to quit school and secure employment. The parents, teachers, industrialists and authorities for the armed forc-

es all know that the best thing for the youngster and the country is that he continue his education. Youth should prepare now for life. Knowledge is no handicap either in war or in peace.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers and citizens for their support in our common effort to maintain good schools.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools.
